

Ham Radio Class

in Springdale hosted by:

**NW Arkansas / SW Missouri Radio Amateurs
of the Bella Vista Area Radio Club**

Amateur Radio, also known as Ham Radio, is an exciting hobby with many opportunities. Talk to folks around town or around the world. **Help provide communications during emergency or disaster events** that require back-up communications. You'll enjoy a unique mix of fun, do public service, and learn electronics. And, if you like, have fun w/DIY & 'Hacker' projects!

Earning your Technician Class FCC license is the first step to exploring all that Ham Radio has to offer.

This accelerated 2-day class is being offered on **Saturday & Sunday, April 27 and 28th, 2019, 8:00 am - 4:30 pm.**

The class is free. All materials will be provided. Students need only bring a note pad and pen/pencil.

Testing/licensure is \$15.00 per person. Students can view a practice test by logging into: www.hamstudy.org

**Location: 2400 S 48th Street, Springdale, AR
(Ozark Guidance main campus)**

Space is limited. Pre-register Now! Contact...
